

Overview

My Favourites provides a convenient way to save products that you purchase regularly. Saved products can be reviewed from your dashboard, quantities can be adjusted and selected items can be added directly to your cart.

This guide explains how to add products to My Favourites, generate a list from your previous sales history, order saved products and remove products that are no longer required.

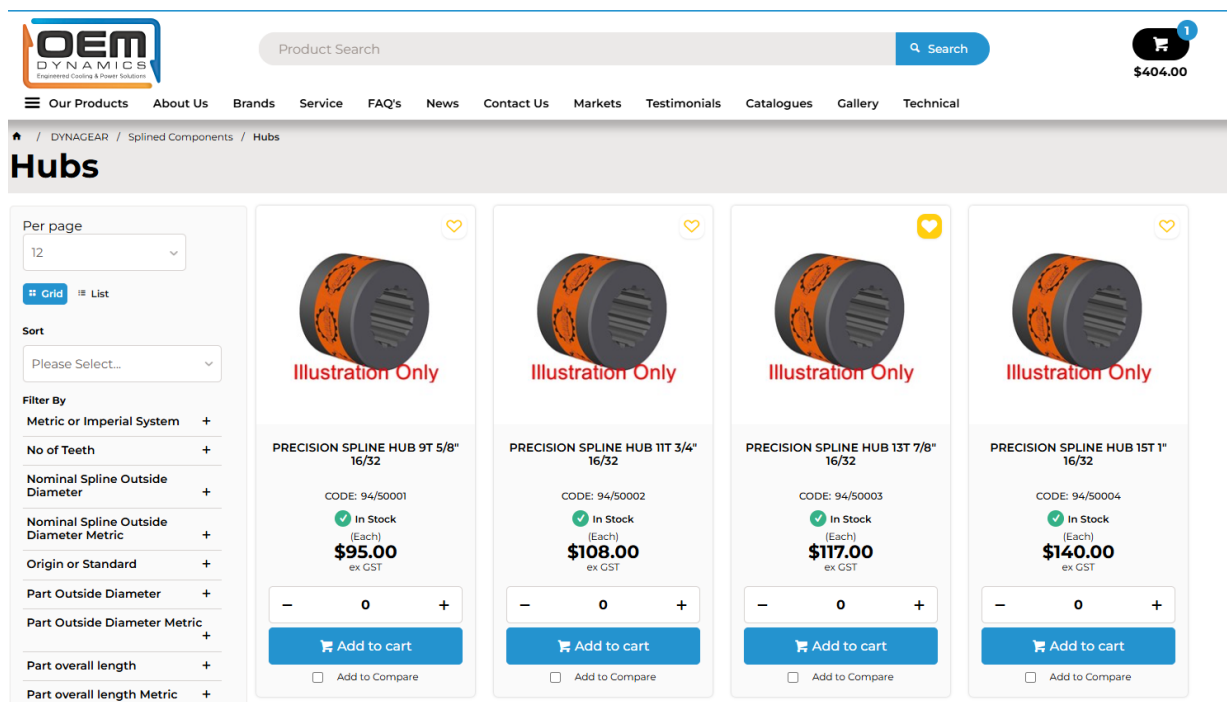

Ways to add products to My Favourites

- From a product category page
- From a product details page
- From the shopping cart
- From previous sales history

A highlighted heart indicates that the product is already saved in My Favourites.

Add a product from a product category page

1. Navigate to the required product category.
2. Click the heart on the product card. The heart becomes highlighted when the product has been saved.

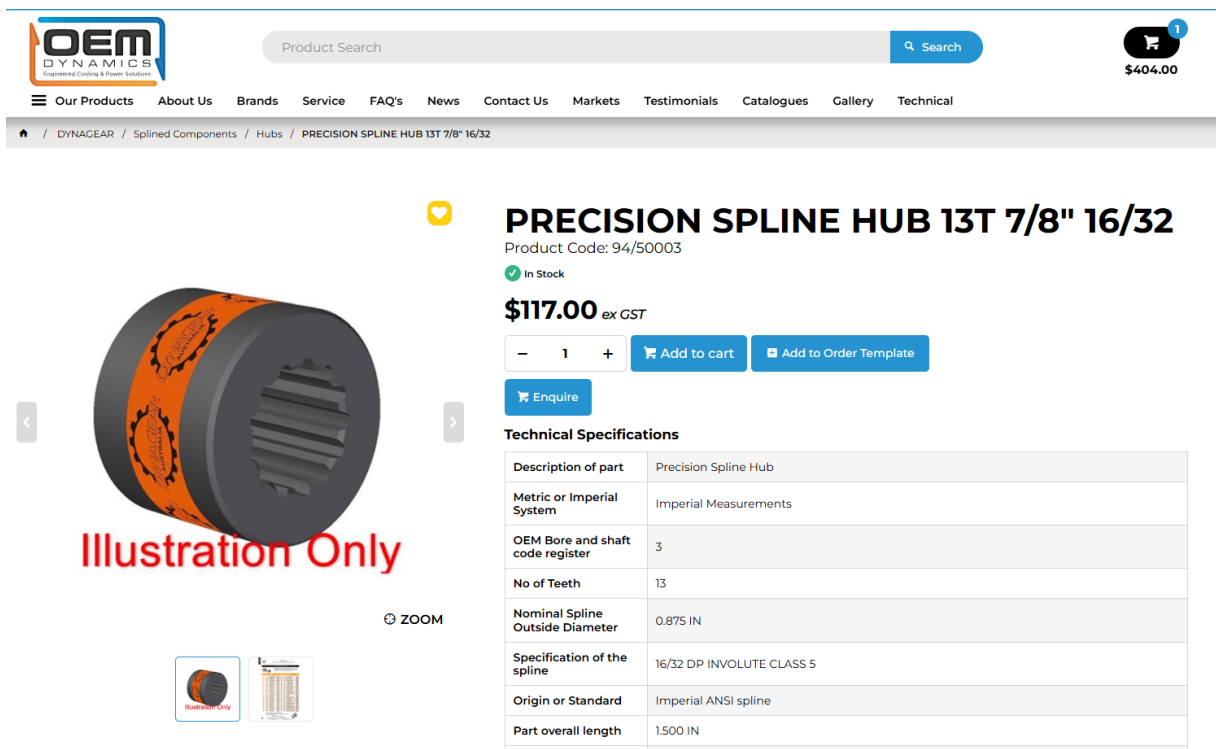

The screenshot shows the OEM DYNAMICS website interface. At the top, there is a navigation bar with the company logo, a search bar, and a shopping cart icon showing 1 item for \$404.00. Below the navigation bar, there is a breadcrumb trail: / DYNAGEAR / Splined Components / Hubs. The main heading is 'Hubs'. On the left, there is a sidebar with filters for 'Per page' (12), 'Grid/List' view, 'Sort' (Please Select...), and 'Filter By' (Metric or Imperial System, No of Teeth, Nominal Spline Outside Diameter, Part Outside Diameter, Part overall length). The main content area displays four product cards. Each card features a product illustration, a heart icon, and a price. The first three cards have a yellow heart, while the fourth has a highlighted yellow heart. The first card is labeled 'Illustration Only'.

Product Name	Code	Status	Price (Each)
PRECISION SPLINE HUB 9T 5/8" 16/32	94/50001	In Stock	\$95.00 ex GST
PRECISION SPLINE HUB 11T 3/4" 16/32	94/50002	In Stock	\$108.00 ex GST
PRECISION SPLINE HUB 13T 7/8" 16/32	94/50003	In Stock	\$117.00 ex GST
PRECISION SPLINE HUB 15T 1" 16/32	94/50004	In Stock	\$140.00 ex GST

Click the heart on the required product card.

Add a product from a product details page

1. Open the required product details page.
2. Click on the pop-up icon "Take a closer look"
3. Click the heart near the product information. A highlighted heart means the product is already in My Favourites.

The screenshot shows the product details page for a Precision Spline Hub. The header includes the OEM DYNAMICS logo, a product search bar, and a shopping cart icon with a notification of 1 item and a total of \$404.00. The navigation menu lists various sections like Our Products, About Us, Brands, Service, etc. The breadcrumb trail indicates the path: DYNAGEAR / Splined Components / Hubs / PRECISION SPLINE HUB 13T 7/8" 16/32.

PRECISION SPLINE HUB 13T 7/8" 16/32
Product Code: 94/50003
In Stock

\$117.00 ex GST

Quantity: 1. Buttons: Add to cart, Add to Order Template, Enquire.

Technical Specifications

Description of part	Precision Spline Hub
Metric or Imperial System	Imperial Measurements
OEM Bore and shaft code register	3
No of Teeth	13
Nominal Spline Outside Diameter	0.875 IN
Specification of the spline	16/32 DP INVOLUTE CLASS 5
Origin or Standard	Imperial ANSI spline
Part overall length	1.500 IN

The image on the left is labeled "Illustration Only" in red text. Below it are two small thumbnail images: one of the spline hub and one of a technical drawing.

The heart on the product details page adds or removes the product from My Favourites.

Add a product from the shopping cart

1. Open the shopping cart.
2. Find the required product and click Add to Favourites. The control is highlighted when the item has already been saved.

Products can also be saved from the shopping cart.

Generate favourites from previous sales history

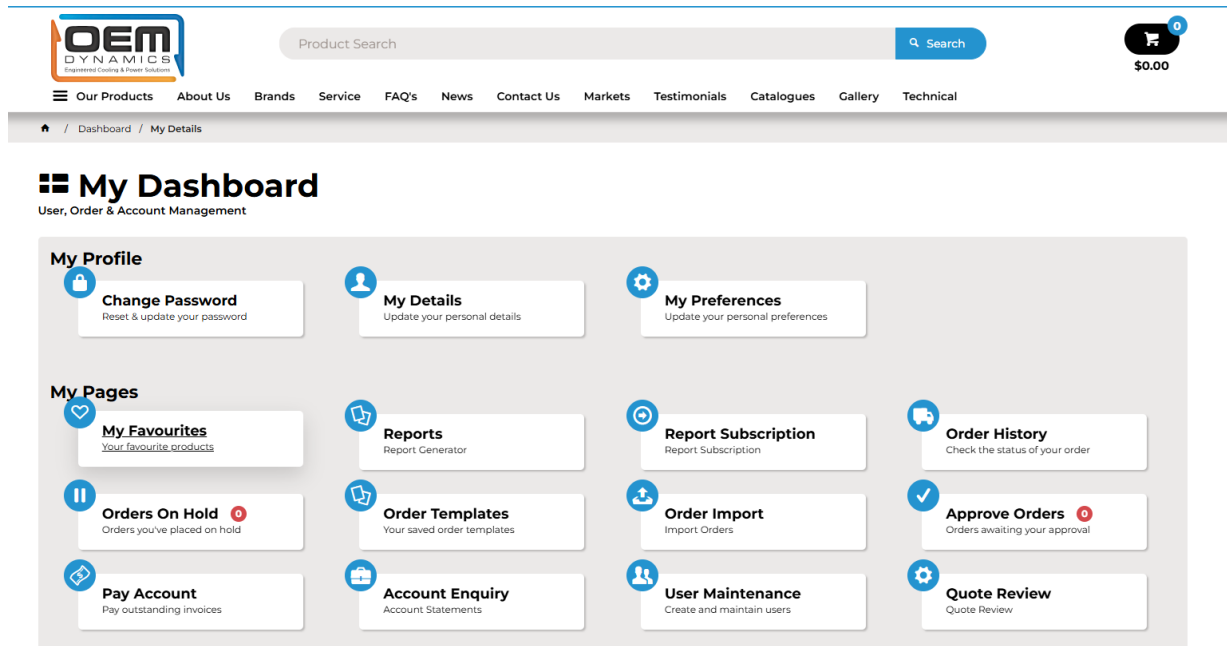

If you have not saved any favourites, you can quickly create a list from products purchased previously.

Important: This function is available when the favourites list is empty. If you already have saved favourites, first remove them using the instructions on page 9 - Removing Products from My Favourites.

1. Open the Dashboard menu and select My Favourites.

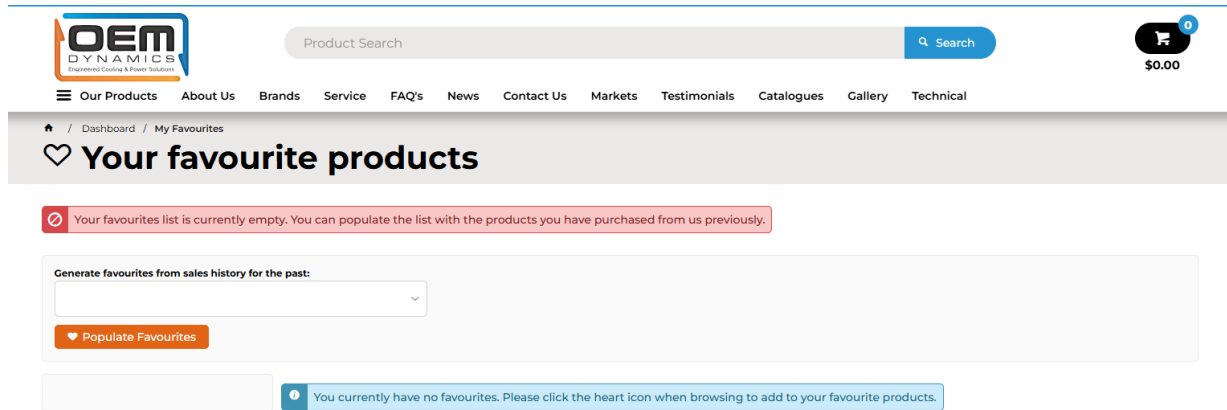

Open My Favourites from the Dashboard menu.

My Favourites can also be opened from the main dashboard by clicking on Dashboard rather than the dropdown icon.

2. Open the “Generate Favourites from sales history for the past:” drop-down list.
3. Select the required period, such as three months.
4. Click Populate Favourites.

♥ Populate Favourites

📢 You currently have no favourites. Please click the heart icon when browsing to add to your favourite products.

Click Populate Favourites after choosing the required period.

- The products purchased during the selected period are added to My Favourites.

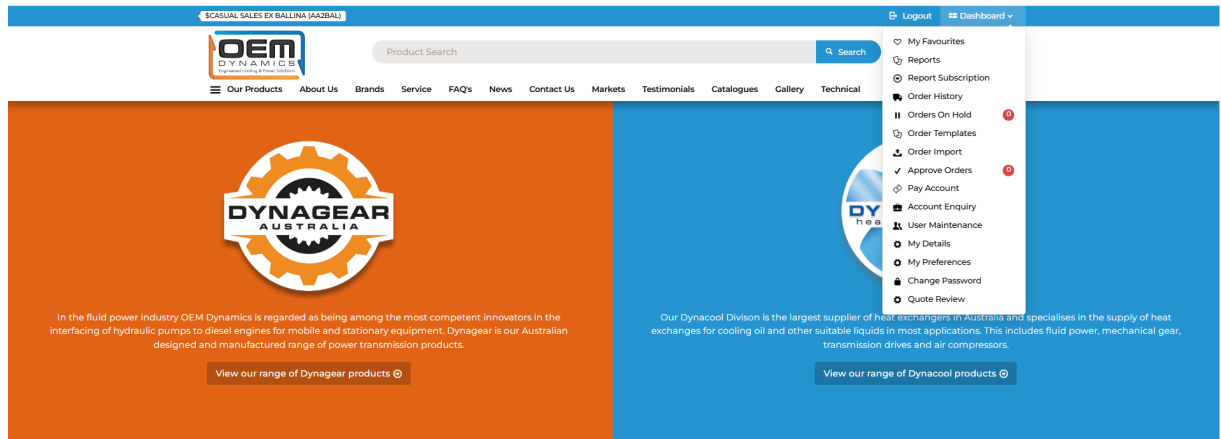

The screenshot shows the 'My Favourites' section of the OEM DYNAMICS website. The page features a navigation bar with the company logo, a search bar, and a shopping cart icon showing \$0.00. Below the navigation bar is a breadcrumb trail: 'Dashboard / My Favourites'. The main heading is 'Your favourite products'. On the left, there is a sidebar with filters for 'Sort' (Please Select...) and 'Filter By' (Model, Cooling Element Type, DC power, Drive Type, Fan Diameter, Metric or Imperial System, No of Teeth, Nominal Spline Outside Diameter, Gear Ratio, Input shaft Code, Input Shaft Type, Keyway size Imperial, Noise Level dBA at 1m, Origin or Standard). The main content area displays a grid of four product cards, each with a heart icon in the top right corner. The products are: 1. T33 PTO Drive 2.04:1 Ratio 21T 1 3/8\"

The generated products are displayed in My Favourites.

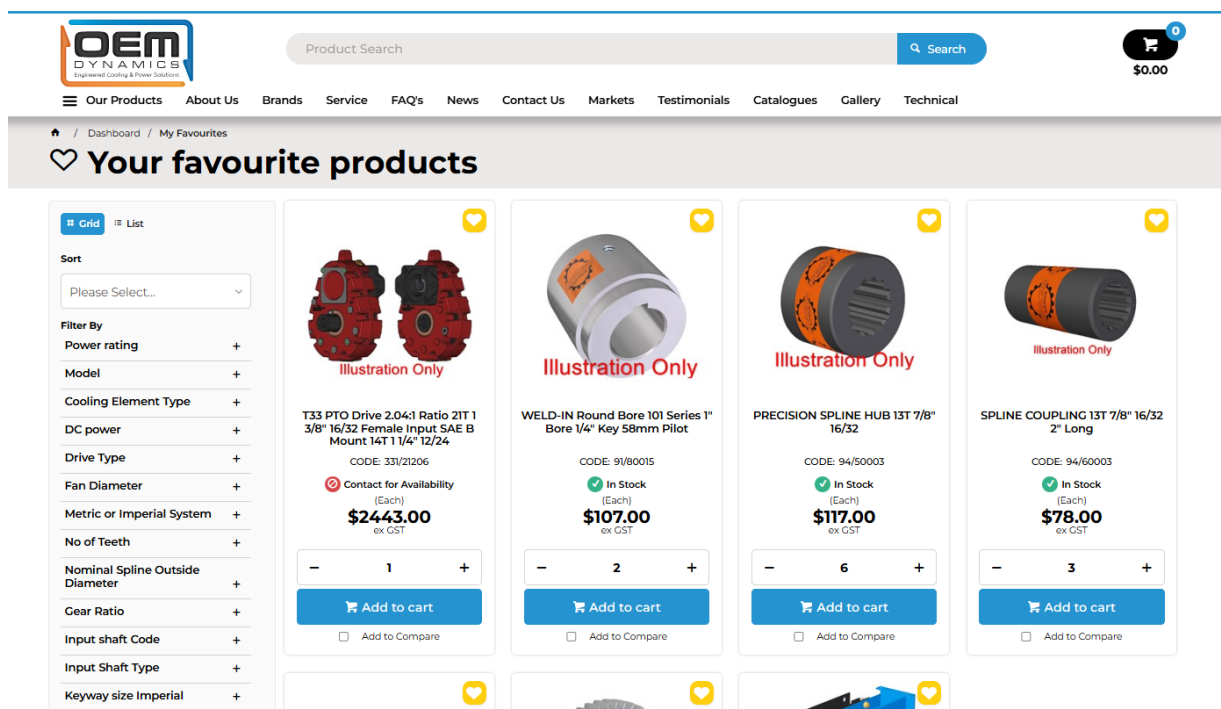

Place an order from My Favourites

1. Open the Dashboard and select My Favourites.

Open My Favourites from the Dashboard menu.

2. Adjust the quantity for each product you want to order.
3. Click Add to Cart for each required product.

Set each quantity and add the required products to the cart.

- Click the cart icon in the top-right corner.
- Confirm that the selected products and quantities are in the cart. They are now ready to be ordered using the normal checkout process.

Remove products from My Favourites

Remove one product from a product page

1. Open the category or product details page.
2. Click the highlighted heart. The product is removed from My Favourites.

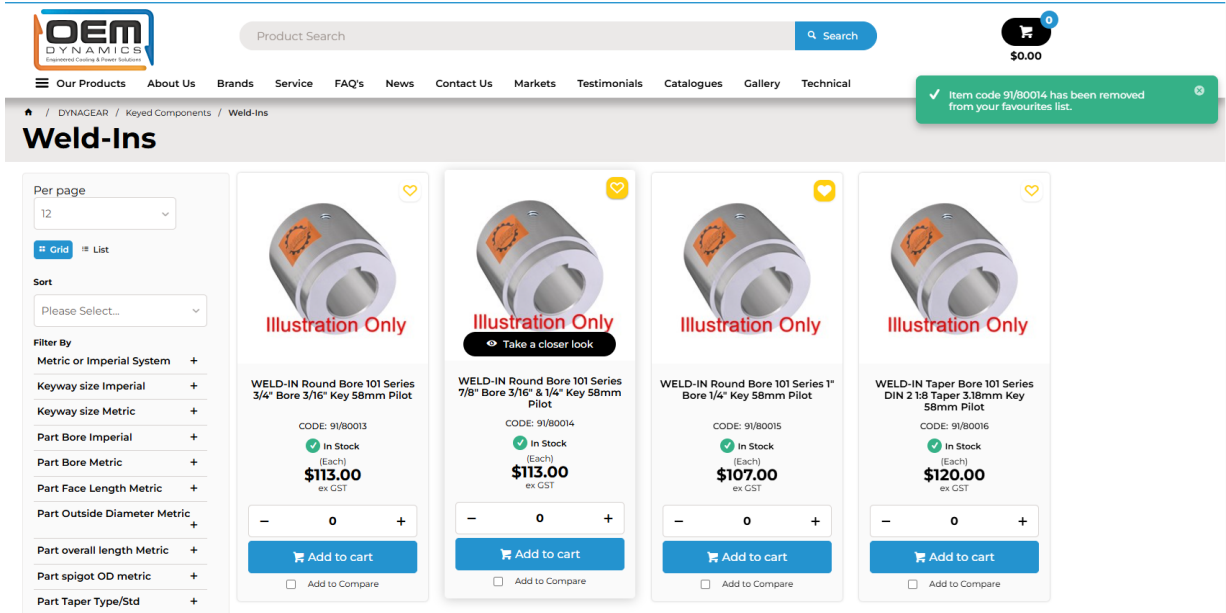

The screenshot shows the OEM DYNAMICS website interface. At the top, there is a navigation bar with the company logo, a search bar, and a shopping cart icon showing \$0.00. Below the navigation bar, there is a breadcrumb trail: / DYNAGEAR / Keyed Components / Weld-Ins. The main heading is 'Weld-Ins'. On the left side, there is a sidebar with filters for 'Per page' (set to 12), 'Grid' view, 'Sort' (Please Select...), and various filter categories like 'Metric or Imperial System', 'Keyway size Imperial', 'Keyway size Metric', 'Part Bore Imperial', 'Part Bore Metric', 'Part Face Length Metric', 'Part Outside Diameter Metric', 'Part overall length Metric', 'Part spigot OD metric', and 'Part Taper Type/Std'. The main content area displays four product cards. Each card features a 3D illustration of a pilot, the text 'Illustration Only', the product name, code, stock status, price, and an 'Add to cart' button. The first heart icon in the top right corner of the first product card is highlighted in yellow.

Product Name	Code	Stock Status	Price (Each)

A highlighted heart identifies a saved favourite.

1. To remove all products, scroll to the bottom of the page and click the red icon “Clear Favourites” on the left hand side of the screen.

The screenshot shows the OEM Dynamics website interface. At the top is the navigation bar with the logo, a search bar, and a shopping cart icon showing \$0.00. Below the navigation bar is a breadcrumb trail: Home / Dashboard / My Favourites. The main heading is "Your favourite products". On the left is a sidebar with a "Grid" and "List" view toggle, a "Sort" dropdown, and a "Filter By" section with various filters like Power rating, Model, Cooling Element Type, etc. The main content area displays seven product cards in a grid. Each card includes a product image (or "Illustration Only" text), a title, a description, a code, a stock status (e.g., "In Stock", "Contact for Availability"), a price, and an "Add to cart" button. At the bottom left of the sidebar is a red button labeled "Clear favourites".

Clear Favourites removes every product from the saved list.

Your favourites list is now ready to be rebuilt manually or populated from sales history.
